CORONAVIRUS POLICY

The **NOVEL CORONAVIRUS 2019 (COVID-19)** which originated from Hubei Province, China is causing worldwide concern. Tasmanian Helicopters and its subsidiaries maintain a strong health and safety policy.

The situation is changing daily, we are continually receiving updates from the Tourism Industry Council Tasmania (TICT) and following advice from both TICT and WHO (World Health Organization) to ensure that personnel and customers are safe and limited from exposure to COVID-19.

- Everyone **must** practice good hygiene; this is critical to help protect against infections.
- Wash your hands often with soap and water, for 20 seconds, or using an alcohol-based hand rub.
- When coughing and sneezing cover mouth and nose with flexed elbow or tissue, dispose of tissue into closed bin immediately after use.
- Avoiding close contact with others including personal greetings, such as touching, handshakes, high fives, kisses, and hugs, i.e. practice social distancing.
- Any person/s who has a fever or cough will not be permitted on the premises or in any aircraft.
- All aircraft headsets are wiped after every use with alcohol-based wipes.

Our base at Latrobe and Riverside have bathroom facilities with hand soap and paper hand towel, hand sanitiser dispensers are fitted to the entrance of the lunchroom.

Our base at Cradle Mountain has bathroom facilities fitted with hand soap dispensers, hand sanitiser dispensers, and paper hand towel.

Please ensure all tissues and paper hand towel are disposed of in the enclosed bins provided.

Thank you for your co-operation in ensuring a safe work environment.
